

Subject:

FirstName LastName - Winter Sports at Jackson Middle School

Body:

Dear Mr. and Mrs. LastName,

Your son, FirstName, expressed interest in participating on our Middle School Wrestling team at Jackson this winter.

Modified Winter Sports start on Monday 11/30 and run through the first week of February, so I wanted to let you know a little bit about our wrestling program and the experience we offer for our junior high wrestlers!

“Building Champions on the mat and in life.”

That’s our program’s mantra at all levels and it ties back to everything we do. At the most fundamental level, our wrestling program is about developing character, leadership and confidence, as much as it’s about athleticism, strength and agility. **Every year, we take students who have never wrestled at all before and teach them everything they need to be successful!**

Our Coaches

Coaches Jordan Burroughs and Kyle Snyder, work tremendously hard to give each of our student-athletes an experience that mirrors these values. Coach Burroughs has been coaching Modified Wrestling at Jackson for 27 years and has worked with Coach Snyder as his co-coach seven years. Coach Snyder is also a Spanish teacher at Jackson and coaches middle school soccer and baseball. Together, they have a ton of experience teaching 7th and 8th grade student-athletes the basics to make them successful!

Why is Middle School Wrestling at Jackson such a great experience?

- Level Playing Field – wrestlers are paired with others of the same weight and experience level in competitions so it’s the fairest sport out there!
- NO weight cutting –weight loss has NO PLACE in middle school wrestling. Our program is about having fun and developing outstanding student-athletes. Wrestlers are weighed once at the beginning of the season and that’s it!
- No cuts – we feel strongly that the experience we offer benefits all student-athletes so we go out of our way to make sure that everyone who wants to be part of this program can be!
- Everyone competes – no starters, no benchwarmers, no concerns about playing time!
- Emphasis on team building and fun!

- No experience necessary – every year we take student-athletes who know nothing about wrestling and teach them everything they need to know!
- Cross-Training for other sports – there is simply nothing better you can do in the winter to help make you a better athlete and better at any other sports you enjoy!

There's a reason that wrestling is the most successful athletic program at Jackson and our values and philosophy are the core drivers. Having grown up in Jackson and having started my own wrestling career on Jackson's Middle School Wrestling team, I know how much the program here helped me become who I am today!

Learn More!

If you'd like to learn more about our program and how we help develop our student-athletes into "Champions on the mat and in life," please feel free to check out our [Facebook page](#) or [website](#)!

If you have any questions please feel free to email me at this address or Coach Burroughs at _____@gmail.com.

We look forward to offering this opportunity to FirstName, and hope he'll consider being a part of our program this year!

Best,

Coach Snyder
